Hi Camille,

I conducted my weekly site inspection at Highland Estates today. Overall things are looking good, and the oil spill clean up looks great on Lots 9/10. I spoke with Javier this morning and he said that the stucco clean up and silt fence replacement is scheduled for Friday of this week. He will provide some photos once everything is done.

Thanks!

Good Afternoon Javier,

It was very nice to meet you onsite today! As a follow up to our conversation this morning, please provide photos on Friday after the stucco clean up and silt fence replacement onsite. During the fence replacement, please ensure that you do not disturb the dusky-footed woodrat nest that is located on the southeast corner of Lot 11 just outside of the fence (see attached photo for location).

Please feel free to reach out to me if you have any questions!

Thanks so much,

Jessie Henderson-McBean
